Robust protective caps for
Heavy Duty Sealed Connector Series (HDSCS)

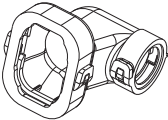

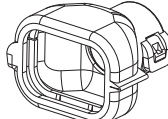

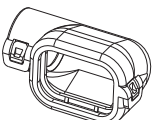

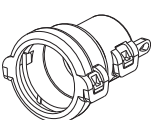

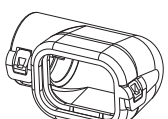

HDSCS overview protective caps

Our protective caps for the **Heavy Duty Sealed Connector Series (HDSCS)** were developed with a special focus on the extreme requirements of the commercial vehicle industry and for use in off-road vehicles.

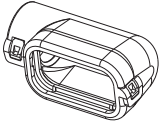

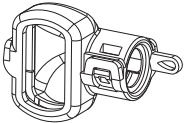

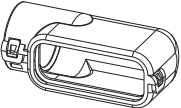

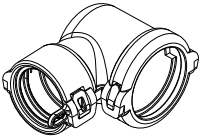

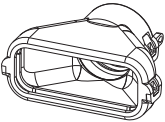

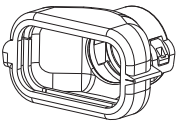

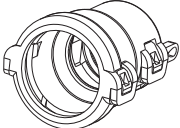

These specially developed **protective caps** not only ensure an **excellent seal**, but also offer **outstanding safety and durability**, even under the toughest operating conditions. Whether under extreme temperatures, dust, moisture or mechanical stress – our HDSCS protective caps are designed to withstand the highest loads and offer reliable protection for your connections.

They are available in **different versions** to ensure a custom-fit solution for your specific requirements and to ensure the **long-term functionality** of your plug connections.

Protective caps	Art. Nr.	Angle	Orientation	NW corrugated tube
 HDSCS (B) Female, Male	492 90 158	180°	straight	7,5 FSW
 HDSCS (C) Male	492 90 240	180°	straight	10
 HDSCS (C) Male	492 90 241	90°	lengthwise	10
 HDSCS (C) Male	492 90 479	90°	crosswise	10
 HDSCS (A) Female, Male	492 90 556	90°	lengthwise	7,5
 HDSCS (C) Male	492 90 594	90°	lengthwise	10
 HDSCS (B) Female, Male	492 90 633	90°	round	7,5

Protective caps		Art. Nr.	Angle	Orientation	NW corrugated tube
	HDSCS (C) Male	492 90 702	90°	crosswise	10
